

20 Pool Tile Ideas for a Chic Swimming Hole

Pool tile can be the nearly invisible foundational layer that makes your [swimming pool](#) water look more blue or green. It might only be noticeable from up close, or it can be treated as a decorative feature in and of itself that can be glimpsed from above by a passing bird or a drone.

You can mix ceramic or porcelain tile on the bottom of the pool, bringing it up the sides just above the [waterline](#) for a seamless look. Or you can add a contrasting border tile around the edge that will define the space between the pool and the surrounding [pool patio or deck](#).

These pool tile ideas from the Pacific to the Atlantic to the Mediterranean coasts will show you how to use tiles to enhance your pool design in classic or [modern](#) ways depending on the setting and style of your home.

11 Inside Out Mosaic Tile

📷 Design by [Bartone Interiors](#) / Photo by [Lissa Gotwals Photography](#)

The multicolored mosaic tiles in this pool from [Bartone Interiors](#) cover both the interior and are carried up onto the exterior of the pool, adding texture to the poolside patio with its cement and stone surfaces, warm food fencing, and contemporary planters.
